

旅 Ryo

Just Ryo it.

A stays app where guests are hosted, not just accommodated.

PARTNER BRIEFING

WHAT IT IS

A calmer way to book a stay

Ryo is a phone-and-web app for booking short-term homes — built on three promises a guest feels from the first booking.

Trust

Every host verified. The best homes inspected.

Service

A 24/7 human concierge, in any language.

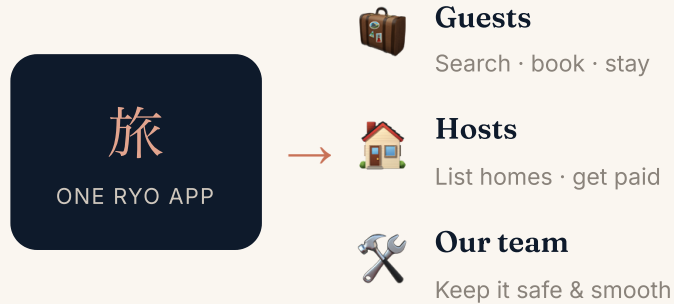

Honesty

The price you see is the price you pay.

ONE APP · THREE WAYS IN

Everyone meets in the same place

One product, three doors — so everything always stays in sync.

THE GUEST JOURNEY

From idea to checked-in

- 1 Explore**
Browse beautiful homes by category. No sign-in needed.
- 2 Search & filter**
Pick a place and dates. Filter by price, guests, amenities. See it on a map.
- 3 Choose a home**
Photos, amenities, reviews, host — total price always in view.
- 4 Book it**
Confirm with a clear price breakdown. Payment is demo today — money doesn't move yet.
- 5 Manage the trip**
Find it under Trips, with details and easy cancellation.
- 6 Personal hub**
Trips, favourites, messages, and settings in one place.

HOW IT CONNECTS

Like a great restaurant

Dining room

The screens people see

Kitchen

One shared, secure store

House rules

The right people, right access

One phone app and one website, fed by the same kitchen — so everyone sees the same fresh information.

LOOK & FEEL

Calm, warm, quietly luxurious

The name **Ryo** (旅, "journey") follows the Japanese spirit of *omotenashi* — anticipating a guest's needs before they ask.

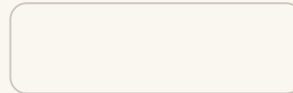

Terracotta

Ocean teal

calm accent

Warm cream

never harsh white

Ink navy

grounded & elegant

HOW RYO EARNS

A small slice, held safely

Ryo keeps a small, clearly-shown percentage of each booking — no hidden fees.

Guest pays

at booking

Held safely

until check-in

Stay happens

guest arrives

Host paid

money released

Holding the money until after check-in is what lets Ryo guarantee the stay.

WHERE WE ARE

Built, and close

Ready now

- ✓ Full app design & feel
- ✓ Browse, search, map
- ✓ Listing & booking flow

Coming next

- Real payments & payouts
- The 24/7 concierge
- Every action live
- More languages
- Apps in the App Stores
- Public live website

The hard part — building the app — is largely done. What's left is switching things on.

Four moves to open

- 1 Switch on the engine**
Real sign-in, real payments, real emails, a real web address.
- 2 Make every button work**
Wire up every action for hosts, guests, and our team.
- 3 Polish & publish**
Languages, safety, and the phone apps in the App Stores.
- 4 Open the doors**
Start with hand-picked homes, switch on the concierge, grow on word of mouth.

Just Ryo it.
